

Warranty

Applied Scientific Instrumentation, Inc., hereafter referred to as ASI, guarantees its equipment against all defects in materials and workmanship to the original purchaser for a five(5) years from the date of shipment. ASI's responsibility to this warranty shall not arise until the buyer returns the defective product, freight prepaid, to ASI's facility, at which time ASI, at its option will replace or repair free of charge any defective component or device that it has manufactured.

The warranty set forth above does not extend to damaged equipment resulting from alteration, misuse, negligence, abuse, or as outlined below:

1. Equipment not manufactured by ASI that is offered as part of a complete system carries the original equipment manufacturer's warranty.
2. The piezo elements and control electronics have a one-year warranty; these include the PZ-2150, PZ-2300, PZ-2500 units that are manufactured by ASI.
3. The DC servo motors used in our automated stages have a two-year warranty for biological applications in routine research.
4. The linear encoder option has a two-year warranty.
5. Damage from corrosive materials such as saline solution or other extreme contamination within the bearings and leadscrew assemblies.
6. FW-1000 series filter wheel has a one-year warranty.
7. MicroMirror scanner has a one-year warranty.

The warranty and remedies set forth above are in lieu of all other warranties. ASI expressly disclaims all other warranties whether expressed, implied or statutory, including the warranties of merchantability and fitness for a particular purpose and against infringement.

In no event will ASI be liable for incidental or consequential damages, even if ASI has been advised of the possibility of such damages howsoever, arising out of the sale or use of the products described herein.
